Education

Vardhaman College of Engineering, Hyderabad

Expected May 2027

Bachelor of Technology in Information Technology — CGPA: 9.29

VKDVS Raju Junior College, Aswaraopeta

March 2023

XII (Telangana State Board of Intermediate Education) — Marks: 989/1000

Z P S School, Dammapeta

May 2021

X (Board of Secondary Education) — CGPA: 10.0

Technical Skills

Programming Languages: C, Python, Java, SQL

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MERN Stack

Databases: MongoDB

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming

Cloud: Cloud Computing (AWS Basics)

Experience

Edunet Foundation—Front-End Development Intern

Nov 2025

- Developed and deployed a responsive personal portfolio website using HTML, CSS, JavaScript, and React to showcase projects and technical skills.
- Applied modern frontend development practices, responsive design principles, and Git for version control and project management.

Projects

Multi-Document AI Chatbot using Retrieval-Augmented Generation (RAG)

Mar 2026

Technologies: Python, LangChain, FAISS, Streamlit, Ollama

- Built a RAG-based AI chatbot using Python, LangChain, FAISS, and Ollama to answer queries from PDF, TXT, and CSV documents.
- Implemented semantic search with Sentence Transformers and FAISS, enabling efficient document retrieval and context-aware response generation.

Secure Password Management System

Dec 2025

Technologies: MERN Stack, JWT, bcrypt, OTP Authentication

- Developed a secure password management system using the MERN stack, enabling users to safely store and manage credentials through encrypted storage.
- Implemented JWT authentication, bcrypt password hashing, OTP-based verification, and secure backend APIs for password management.

AI Job Application Agent

Jun 2026

Technologies: Python, Streamlit, Playwright, BeautifulSoup, Gemini Vision, PyMuPDF

- Developed an AI-powered job application assistant using Python, Streamlit, and Playwright to automate resume parsing, job search, and application workflows.
- Integrated Gemini Vision and browser automation to analyze application forms, identify dynamic fields, and generate personalized resume-based responses.

Certifications

AWS Cloud Practitioner Essentials — AWS

Jan 2026

Full Stack Development with MERN — NASSCOM Foundation

Jan 2026

Introduction to Database Systems (Elite) — NPTEL

Apr 2025

Python Essentials 1 — Cisco Networking Academy

Mar 2025

Achievements

- Secured **State 2nd Rank** in Intermediate Public Examination (IPE).
- Secured **State Rank 23536** in TS EAMCET 2023.
